### IN MOTORING PLEASURE AND OWNER LOYALTY

Once you have been in the driver's seat of a new Cadillac, it is difficult to find contentment at the wheel of any other car.

For in the 1966 Cadillac, you are surrounded by every driving convenience and every motoring luxury.

Power steering and handling are both importantly improved. A touch of the accelerator awakens the quietest, most responsive engine you've ever known, made even smoother by a refined Turbo Hydra-Matic transmission. Cadillac's improved suspension system provides a marvelously smooth, silken ride.
