Wanna be the most popular teacher around? Bring your kids to a "really neat" show!

"A New Musical based on the Paramount Pictures television series "Happy Days", created by Garry Marshall. Music and lyrics by Oscar winning composer Paul Williams."

Start digging through those old boxes of clothes in the attic, because the '50s are back in fashion, retro is cool again and "correctamundo" is the word of the day! *Happy Days* will transport students back to an era when, instead of listening to iPods and gathering at the shopping mall, the jukebox reigned supreme and the local malt shop was the hippest hangout in town. Skinny jeans and hoodies are replaced with poodle skirts and popped collars, and high scores are displayed on pinball machines, not Playstations. The show takes a light-hearted look at the lives of a group of seniors in high school, ready to graduate and determined to maintain their friendships for life. Based on the 1970s television program, the sense of family and community so essential to the success of that series, are brought to life in this upbeat, heartwarming musical. In *Happy Days*, no problem can last too long, and even the rebel has a heart of gold. Students will identify with the friendships and get a taste of simpler times, all provided with a big dose of good clean fun and toe tapping tunes.
